

GANGANAGAR MOTORS

THE FORCE BEHIND PROGRESS.

A diversified Indian group serving mobility,
infrastructure, precision manufacturing and
strategic land investment.

SINCE 1969

02

GROUP SNAPSHOT

Built in Rajasthan. Moving India.

GNM connects dependable products, capable people and local execution across four specialist business units.

1969

FOUNDED IN JAIPUR

BRAND RELATIONSHIPS

WHO WE ARE

Founded by Late Shri Moolchand Agarwal and brothers as a commercial-vehicle spare-parts firm, GNM has expanded into construction equipment, precision manufacturing and realty while retaining its relationship-led automotive core.

WHAT WE DO

We represent specialist manufacturers, supply mission-critical products, support equipment in the field, manufacture drawing-led precision components and manage selected land investments through disciplined sourcing and execution.

01

Market access

A multi-location platform connecting brands with fleets, workshops, contractors, mines, plants and trade customers.

02

Application knowledge

Teams begin with the operating requirement, then align product, specification and support.

03

Relationship continuity

Owner-led engagement and local follow-through for customers and brand partners.

03

HERITAGE & PHILOSOPHY

Tradition gives us roots. Progress gives us direction.

1969

Foundation

Commercial-vehicle spare-parts trading begins in Jaipur.

Growth

Distribution

Category depth, locations and OEM relationships expand.

Diversification

New capabilities

Equipment, machining and realty become focused businesses.

Today

A connected group

Four units support customers and partners across India.

TRADITION

We continue to build on the commercial-vehicle foundation that earned the group its reputation. Familiar markets, genuine products and personal accountability remain central.

PROGRESSION

We pursue calculated growth through new categories, stronger systems, deeper technical capability and wider reach—without losing owner-led relationships.

THE GNM STANDARD

QUALITY PRODUCT / PERSONAL SERVICE / PRACTICAL ACCOUNTABILITY

04

FOUR BUSINESS UNITS

Specialist expertise. One dependable group.

01

Commercial Vehicles

Parts, aggregates and systems for fleets, workshops, transporters and trade customers.

02

Construction Equipment

Sales, service, spares, tyres, plants and job-site systems through GNM Infrsolution.

03

Precision Engineering

Customer-specific CNC and VMC components from an ISO 9001-certified facility.

04

Realty

Investor-aligned land sourcing, underwriting, acquisition and exit support across two corridors.

ONE OPERATING PHILOSOPHY

A common relationship base, regional knowledge, governance discipline and long-term perspective connect the four units—while each business retains the specialised talent and operating model its market requires.

05

BUSINESS 01

Commercial vehicle systems that keep fleets moving.

A category-led distribution platform for fleets, workshops, transporters, body builders and trade customers.

01

Axles & suspension

Axle and suspension aggregates, springs, components and application-matched replacement systems.

02

Wheels & braking

Truck and trailer wheels, braking products and related safety-critical components.

03

Trailer systems

Landing gear, fifth-wheel, kingpin and trailer component solutions.

04

PTO & hydraulics

Power take-offs and hydraulic solutions for tippers and special-purpose vehicles.

05

Safety & consumables

Reflective safety products, airsprings, genuine parts and maintenance requirements.

06

Parts support

Identification, stocking, multi-location distribution and supply continuity.

06

BUSINESS 02

From rock to road.

End-to-end construction, mining and infrastructure solutions supported through sales, service, spares and application guidance.

GNM INFRA SOLUTION

A connected portfolio for excavation, aggregates, concrete, roads, tyres, hydraulics, power and equipment protection.

01

Excavation

Mini, mid-size and heavy-duty excavators.

02

Crushing & washing

Systems for aggregates, M-sand, screening and washing.

03

Concrete

Batching, mixers, pumps, conveyors and paving.

04

Road building

Compaction, paving, light equipment and asphalt.

05

Tyres & hydraulics

Industrial, construction and CVR tyres plus hydraulics.

06

Power & protection

Generators, lubricants and maintenance products.

07

SPECIALIST PORTFOLIO

Construction brands with clear application roles.

01

Kobelco · Excavators

Japanese-technology excavators across mini, mid-size and heavy-duty applications.

02

Conmat · Concrete

Batching, self-loading mixers, transit mixers, pumps, conveyors and paving.

03

BKT · Tyres

GNM focus: Industrial & Construction and Commercial Vehicle Radial divisions.

04

Hailstone · Crushers

Crushing, screening and washing systems for mining, quarrying and aggregates.

05

Dynapac · Roads

Soil and asphalt compaction, paving and light-equipment solutions.

06

Marini · Asphalt

Asphalt-production technology for road and infrastructure projects.

07

Shell · Lubricants

Lubricants and greases for automotive, industrial and construction duty.

08

Wipro · Hydraulics

Hydraulic components and solutions for earthmoving equipment.

09

Pai Kane · Power

Diesel and gas generator solutions for industrial and project requirements.

08

BUSINESS 03

Engineered parts for the industries of tomorrow.

Drawing-led CNC and VMC manufacturing from an ISO 9001-certified facility in Jhajjar, Haryana.

ISO 9001 CERTIFIED

Customer-specific parts from development through scheduled production supply.

01

Manufacturing

CNC turning, VMC milling, circular saws and special-purpose processes.

02

Quality

CMM, contracer, roughness testing, profile projection and inspection planning.

03

Operations

Ultrasonic cleaning, laser marking and delivery-ready component handling.

04

Applications

Industrial hydraulics, automotive, utility and equipment manufacturing.

REPRESENTATIVE COMPONENTS

PRECISION PISTONS / HEAD-END COVERS / HYDRAULIC COMPONENTS / CUSTOMER-SPECIFIC MACHINED PARTS

09

BUSINESS 04

Two specialist corridors. One investment discipline.

GNM Realty supports sourcing, verification, negotiation, registration and eventual exit.

01 · GUJARAT

Dholera

A long-duration industrial-city thesis shaped by the Special Investment Region framework, trunk infrastructure and advanced-manufacturing commitments.

920 sq. km planned region

02 · RAJASTHAN

Jaipur–Bandikui Growth Corridor

A 67 km four-lane NE-4C connection from NH-21 near Bagrana to the Delhi–Mumbai Expressway near Bandikui. Primary focus: Lalwas, Dausa and Bandikui.

600+ acres across opportunities

11

FOR BRAND PARTNERS

A regional platform built to develop markets.

Physical presence, category knowledge and owner-level accountability for manufacturers seeking committed market development.

01

Market development

Coverage across trade, institutional, fleet, construction, mining and infrastructure segments.

02

Category ownership

Dedicated teams, product training and clear accountability around specialised portfolios.

03

Sales, service & spares

A connected pathway from application and delivery to maintenance and parts continuity.

04

Infrastructure

Stocking points, offices and workshops supporting availability and closer response.

05

Operating discipline

Policy respect, reporting, genuine-product focus and governance.

06

Long-term commitment

Patient investment in people, facilities, systems and relationships.

THE GNM ADVANTAGE

QUALITY PRODUCT / PERSONAL SERVICE / LOCAL ACCESS / PRACTICAL ACCOUNTABILITY

We see principals, customers and suppliers as business partners. Our role is to make the relationship stronger at every operating touchpoint.

12

LEADERSHIP

Experience, operating depth and a long-term view.

VA

Vinod Agarwal

Owner & Chief Promoter

30+ years of automotive-industry experience; guides strategy and long-term development.

PA

Prateek Agarwal

Director, GISPL & COO

Brown University economics graduate; leads operations and key group relationships.

PS

Pradeep Sharma

Director & CEO, GISPL

26+ years in construction and mining equipment with deep North India knowledge.

PK

Pradeep Kumar Sharma

Director, GISPL Udaipur

30+ years across construction, road and mining equipment and OEM dealerships.

VA

Vidhi Agarwal

Chief Financial Officer

Chartered Accountant and Company Secretary; AIR 32 in CA and AIR 17 in CS.

GNM

Leadership principle

Stay close to the market

Keep commitments clear. Treat relationships personally. Build for the long term.

GANGANAGAR MOTORS

**Products that perform.
Service that stays close.
Partnerships built for the long road.**
